See, I Told You So Rush Limbaugh 2021-06-26 Rush Limbaugh, America's #1 radio talk show host and #1 New York Times bestselling author presents a collection of the political and social observations conservatives have come to love and liberals love to hate. Limbaugh, a consummate entertainer and provocative political commentator, who delighted in being called "The Most Dangerous Man in America," led the charge to embrace and defend the fundamental values that have shaped the American character—the same values that cause liberals to have conniptions. The Democrats may be in the White House—but even they can't ruin this country in only four years, proclaims Rush. Conservatism's most outspoken champion and ever the optimist, Rush viewed the "pernicious liberal movement" as a philosophy whose inevitable demise will lead us back to the values that made America great. A must for the politically incorrect, See, I Told You So captures Rush at his best—showing once again why his syndicated radio show reached millions of devoted listeners each week.
