**The Forty Rules of Love** Elif Shafak  
2010-02-18 In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

### **The Djinn Connection: The Hidden Links Between Djinn, Shadow People, Ets, Nephilim, Archons, Reptilians and Other Entities** Rosemary Ellen Guiley

2013-03-15 Could a single entity be responsible for a multitude of our paranormal experiences throughout history? Drawing upon her decades of extensive research in all facets of the paranormal, Rosemary Ellen Guiley makes a compelling case that our interactions with spirits, extraterrestrials, shadow figures, ancient aliens, demi-gods and human-creature hybrids all involve the mysterious Djinn. The Djinn are little-known in the West beyond folk tales of genies in lamps and bottles, but they are real and active in our world. They are a race of powerful, masterful shape-shifters who exist in a dimension parallel to ours. Humans have had millennia of intense engagements with the Djinn, who disguise themselves in the forms of many different entities in order to keep themselves and their true motives hidden. Some of their motives are not in our best interests. The Djinn are not the only beings interacting with humans, but their giant shadow falls across every part of our paranormal and entity contact experiences, including bedroom invasions, alien abductions, and genetics manipulators from other worlds. The Djinn are significant force in the destiny of human beings. In *The Djinn Connection*, Guiley explains what we need to know - and how we should respond.

A Room for the Dead Noel Hynd 2011-12-26

In this hard hitting and sharp-edged tale of the supernatural, Veteran New Hampshire State Police Detective Sergeant Frank O'Hara pursues a crazed serial killer whose crimes bear the grisly signature of Gary Ledbetter, a vicious murderer arrested by O'Hara and executed years earlier.

Definitely not for the faint of heart. Mass market USA Today Best Seller in 1996. A Literary Guild Alternate Selection in 2005. It refuses to go away. Editorial Reviews From Publishers Weekly The chills come fast and hard in Hynd's latest, a riveting blend of ghost story and police procedural. New Hampshire state cop Frank O'Hara, approaching 50 and close to retirement, is given a case--a young woman is beheaded, her right hand cut off--that duplicates the M.O. of serial killer Gary Ledbetter. But Gary, a "low-rent Lothario" nabbed by O'Hara, was executed months ago in Florida, after political machinations moved the killer to a state with capital punishment. Since then, O'Hara's life has turned to ashes. He's taken seriously to booze, his wife has left him, his partner has committed suicide--and now, deep into another hated winter, something seems to be haunting his house: floors creak, doors slam, an empty rocking chair rocks. A tangle of right-wing state politics, skinhead thieves, a mysterious young woman and, increasingly, dialogues between O'Hara and what seems to be Gary's ghost lead the cop through past police corruption and malfeasance to a shattering conclusion. Throughout, the atmospherics are excellent and the local color first-rate: "There's ten months of winter and two months of bad

skiing. The state animal is the skunk, the state bird is the black fly, the state citizen is the deadbeat, and the state sport is petty larceny." After several spy thrillers, Hynd switched to the occult with his previous novel, *Ghosts*. This spooky follow-up confirms that he's made the right choice. Copyright 1994 Reed Business Information, Inc. From Booklist Fans of Stephen King, John Saul, Dean Koontz, and the like will give Hynd a thumbs up for his latest shivery ghost story. Detective Frank O'Hara, a New Hampshire cop anticipating early retirement, has to rethink his plans when a case he closed six months earlier comes back to haunt him--literally. Gary Ledbetter was executed for torturing, killing, and dismembering at least five young women up and down the eastern seaboard. But now another murder has taken place, and this one has all the grisly trademarks of Gary's particularly gruesome style. Since it was O'Hara's dogged investigation that sent Gary to the electric chair, the detective finds himself assigned to reinvestigate one of the most puzzling and terrifying cases of his career. While Hynd doesn't quite invoke the same level of nightmarish terror as some of his fellow horror writers, he's good at macabre, mind-bending plots with plenty of grotesque details, and he effectively blends the horror and mystery genres.
